PROFESSIONAL SUMMARY

Computer Science Engineering undergraduate seeking a Software Engineer intern role. Builds full-stack web experience implementing REST APIs, JWT-based authentication, real-time features with Socket.IO and frontend state management with Context API.

SKILLS

- **Languages:** C++, JavaScript, SQL
- **Coursework:** Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks
- **Frontend:** React.js, React Router, Tailwind CSS, Axios
- **Backend:** Node.js, Express.js, REST APIs, Socket.IO, JWT authentication
- **Database & Cloud:** MongoDB, Mongoose, Cloudinary
- **Developer Tools:** Git, GitHub, VS Code, Postman

PROJECTS

ChatEase – Real-Time Chat Application | *React.js, Node.js, Express.js, MongoDB, Socket.IO, Tailwind CSS* (GitHub Live)

- Developed a full-stack real-time messaging application with secure JWT-based authentication and protected routes.
- Implemented bidirectional real-time messaging using Socket.IO, including online/offline presence and live message updates.
- Integrated image sharing using Cloudinary and implemented unread message tracking and message-seen functionality.
- Managed global application state using React Context API and handled REST API communication using Axios.

Food Ordering Website | *React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Stripe* (GitHub Live)

- Built a full-stack food ordering platform with menu browsing, category filtering, cart management and order placement.
- Created REST APIs and MongoDB models for user, food-item and order workflows; implemented authentication and protected routes.
- Developed an admin interface to add food items, manage menu listings and review customer orders.
- Integrated Stripe Checkout for online payments.

EDUCATION

University College of Engineering and Technology, Hazaribagh
B.Tech in Computer Science and Engineering | Aug 2023 - 2027 (Expected)
CGPA: 7.58/10 (up to Semester 5)

ACHIEVEMENTS & PROBLEM SOLVING

- Solved 700+ problems on LeetCode, practicing data structures, algorithms and problem-solving in C++.
- Maintained a max streak of 227 days on LeetCode.
